AUDITORS' REPORT

To the Directors of the
New Brunswick Health Council

We have audited the balance sheet of the NEW BRUNSWICK HEALTH COUNCIL as at March 31, 2009 and the statement of revenue and expenses for the year then ended. These financial statements are the responsibility of the organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the organization as at March 31, 2009 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

Budget figures are provided for comparative purposes and have not been subject to audit or review procedures. Accordingly, we do not express any opinion regarding budget figures.

NEW BRUNSWICK HEALTH COUNCIL

NOTES TO FINANCIAL STATEMENTS

March 31, 2009

1. STATUTES OF INCORPORATION AND NATURE OF ACTIVITIES

The New Brunswick Health Council (the Council) was established September 1, 2008 under the New Brunswick Health Council Act and is considered a government organization. Its goals are to promote and improve the performance of the health system in New Brunswick.

These financial statements account for all transactions since April 1, 2008, the effective start date of operations.

2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements are prepared by management in accordance with Canadian generally accepted accounting principles for government organizations, as recommended by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants (CICA).

Use of estimates

The presentation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue recognition

Revenues are recorded on the accrual basis of accounting as the funded expenditures are incurred. Any grant amount received in excess of recorded expenditures is accounted for as deferred revenue.

Capital assets

Capital assets purchased with government funding and under a \$100,000 threshold are fully amortized in the year of acquisition in accordance with government guidelines. Capital assets over the \$100,000 threshold are capitalized and amortized based on their estimated useful life.

NOTES TO FINANCIAL STATEMENTS

March 31, 2009

3. DEFINED BENEFIT PENSION PLAN

The Council, through a multiemployer plan sponsored by the Province of New Brunswick, offers a defined benefit pension plan to its employees. The pension expense for the year is \$25,637.

The New Brunswick Investment Management Corporation acts as trustee and investment manager for the pension assets of members of the Public Service.

4. CONTINGENCY

The Council does not have any insurance coverage. Her Majesty the Queen in right of the Province has assumed responsibility for interests and risks of the Council in lieu of such insurance as permitted in the New Brunswick Health Council Act.

5. COMMITMENTS

The Council, through the Department of Services and Supply, has lease commitments until January 2019 for the rental of its offices. The balance of the commitments under these leases is \$1,590,089. Minimum payments payable over the next five years are as follows :

2010 - \$161,704
2011 - \$161,704
2012 - \$161,704
2013 - \$161,704
2014 - \$161,704

The Council has a commitment towards an employee for a retirement allocation. If all the conditions of the agreement are respected, any amount that the Council would be called upon to pay in respect to this agreement will be expensed when disbursed, and would be entirely funded by the New Brunswick Department of Health.

6. ECONOMIC DEPENDENCE

The Council is financed solely by the New Brunswick Department of Health.
