

Florenceville-Bristol Area

These survey results are based on citizens across New Brunswick who have recently received home care services (Extra-Mural Program or home support services or both). Services from the Extra-Mural Program are provided by health professionals such as a nurse, physiotherapist or social worker. Home support services are provided by home support workers to help with tasks such as housekeeping or meal preparation.

Under the Extra-Mural Program, home care services are funded by the Department of Health, delivered by EM/ANB Inc., and managed by Medavie Health Services New Brunswick. This survey also covers home support services funded entirely or partially by the Department of Social Development under the Long Term Care Program and the Disability Support Program.

All survey results are weighted by age and gender to better represent the population receiving home care services. The symbol "-" indicates that the survey sample size is too small to report.

UNMET NEEDS		
	<i>n=339</i>	<i>n=6,937</i>
Is there anything else that could have been done to help you stay at home? (yes)	9.5	13.2
In this community, 9.5% of citizens receiving home care services (Extra-Mural Program or home support services or both) reported in 2018 that more could have been done to help them stay at home, compared to 10.8% in 2015 and 9.3% in 2012. For this type of indicator, a "better" result is achieved when the indicator has a "lower" value.		
What else could have been done or provided to help you stay at home? (top 3)		
More hours of service such as weeknights and weekends	17.4	30.9
More equipment such as wheelchairs and shower handles	27.3	14.1
Staff related – more staff, reliable staff, staff continuity, better trained	12.2	13.8
